

Blaze in Burley Claims Life of 4-Year-Old Girl

BURLEY — A 4-year-old Burley girl was burned to death in a fire here Sunday—the sixth child to die in a Burley fire in the past two months. The latest victim is Sheila Dryden, daughter of Mr. and Mrs. LeRoy Dryden, 1629 Hanson Ave., Burley. The 5:40 p.m. fire swept an old garage and lean-to shed across the street from the Dryden home where the girl was playing, discovered the girl in the lean-to after the flames were quelled. No one knew the girl was trapped in the flames until her body was discovered, firemen said. The girl's parents were searching for her at time of the fire.

According to Floyd Higens, Burley police detective, neighborhood children in the past have been playing in the shelter and lean-to. Several children have been punished for playing with matches in the buildings, he said.

The blaze was the second to claim a child's life since Thursday, when two small brothers were killed in a fire that broke out in the basement of their home. Victims of that fire were Kelly Lancaster, 4, and his brother, Les, 2, sons of Mrs. Jeannie Lancaster, Burley.

The garage and lean-to destroyed in Sunday's blaze were part of the estate of Sam Smith.

The property has been rented by Mrs. Charles Davidson. The property is insured for fire damage. An adjacent cinder-block garage was extensively damaged from smoke and water, and the roof was charred and windows broken.

Investigation is continuing by Burley police and fire officials.

No Bluff

TRENTON, N. J. (AP)—The president of the New York Stock Exchange told a legislative committee today the Big Board is not bluffing about the idea that it might move all or part of its operations to New Jersey.

Sex Standards Considered by Presbyterians

BOSTON (AP)—Determination to resist an asserted modern breakdown in sexual standards is voiced in a proposed new creed being considered today by the United Presbyterian Church.

The church must "lead men and women into the full meaning of life together" and offer "the compassion of Christ" to "those caught in the moral confusion of our time," says the new declaration of convictions.

Up for action at the 3.3-million-member denomination's governing General Assembly, it is the first general revision for the United Presbyterian Church in the U.S.A. in 317 years. The revision seeks to apply Christ's reconciling message to current issues.

Threatening relationships between nations, between races and between rich and poor are cited in addition to the action about sex.

Little Floor Action Seen For Congress

WASHINGTON (AP)—Little floor action is expected this week in Congress but its committee will continue to grind away at legislation that may keep senators and House members in Washington until early fall.

Leaders now are hoping for adjournment by October, a month before the congressional elections.

Major committee activity this week centers on the Senate and House Foreign Affairs committees. The Senate committee gets a closed briefing today from State and Defense Department officials. Both committees resume consideration Tuesday of the annual foreign aid bill.

Legislation to regulate traffic in cats and dogs used for experimental purposes will come before the Senate Commerce Committee Tuesday.

Two Senate committees, Judiciary and Government Operations, have scheduled hearings on use of the hallucinatory drug LSD.

In separate interviews, Sen. Bourke B. Hickenlooper, R-Iowa, former chairman of the Senate House Armed Services Committee, and Sen. Stuart Symington, D-Mo., former secretary of the Air Force, also voiced objections to the Eisenhower suggestion.

Sen. Robert F. Kennedy declared today it "would be a terrible mistake" for the United States to heed former President Dwight D. Eisenhower's suggestion for the possible U.S. transfer of nuclear weapons to European allies.

In an interview, the New York Democrat said "it would be a betrayal of our responsibility which is greater than any other nation's since we created nuclear weapons, to spread them to other countries."

In separate interviews, Sen. Bourke B. Hickenlooper, R-Iowa, former chairman of the Senate House Armed Services Committee, and Sen. Stuart Symington, D-Mo., former secretary of the Air Force, also voiced objections to the Eisenhower suggestion.

Treasury Asks Congress to Raise Temporary Debt Ceiling

WASHINGTON (AP)—The Treasury asked Congress today to raise the temporary debt ceiling to \$332 billion, estimating that this year's budget would go almost \$4 billion into the red. But the staff of the joint committee on internal revenue taxation came up with its own tax revenue estimates that would cut the budget deficit to \$2.5 billion and point to a possible budget surplus in the year beginning July 1.

The House Ways and Means Committee heard Secretary of the Treasury Henry H. Fowler and Budget Director Charles L. Schultz behind closed doors.

The committee is expected to report, possibly Tuesday, bill setting a new debt limit, ceiling to replace the \$228 billion figure existing June 30.

Fowler said the treasury is basing its planning on estimates tax collections will total \$102.5 billion this year although it is possible collections might be one-half billion dollars higher. He estimated spending of \$104.4 billion, and a deficit of \$3.9 billion.

For next year, Fowler predicted a \$1.8 billion deficit, but the joint committee staff projected tax collections to \$116.2 billion and said "a budget surplus is suggested in the fiscal year 1967."

It noted, however, that such a surplus would be cut if Congress voted larger expenditures.

The ceiling—which was raised by Congress last year to a temporary \$32 billion would drop to the permanent level of \$28.5 billion if Congress fails to act.

In the past, Congress has always lifted the ceiling although sometimes declined to give the administration as much leeway as it requested.

In testimony prepared for a closed-door meeting of the House Ways and Means Committee, Charles L. Schulze, director of the Budget Bureau, said the deficit for the current fiscal year which ends June 30 should total \$3.9 billion instead of the \$4.4 billion estimated in January.

And he said there's no reason at this time to change the estimate of spending for the next fiscal year which begins July 1 although he mentioned the imponderables the Vietnam war and programs approved or being considered by Congress which the administration didn't request.

"To imply," he added, "that anyone in the state government could do anything to increase quotas for any state is ignorant of the sugar law or the administration of the law."

Clairborn said the U. S. sugar beet producers have one of the strongest, unified organizations in the country and have had the support of all state officials of the sugar-growing states and of Congress when its support has been needed.

Concerning the low price of sugar in the last 10 years, Clairborn said that he decried that the government of India would have much influence in increasing those prices.

WILL TAKE TROOPS — BONN, Germany (AP) — France has told West Germany it will remove its 72,000 troops in Germany by July 1, 1967, unless the West Germans take a strong stand against the Communists.

Frost Damage Noted To Some Area Crops

Below freezing temperatures caused extensive damage Monday morning to Magic Valley crops. More extensive damage was avoided only because frost and ice generally did not form. Among the hardest hit was Minidoka County, in which 18-degree temperatures wracked beets, potatoes, beans and grain. What sugar beets were up were reportedly frozen to the ground, according to County Agent Lamont Smith. He reported hay and grain also were damaged, with growth retarded. Gardens in the Rutherford area also were extensively damaged.

To the north, Caines Prairie wheat and alfalfa withstand temperatures unofficially reported at 19. Alfalfa was reportedly knocked to the ground, and wheat bending to the ground. Temperatures of 18 degrees were recorded in Corral and 10-degree temperatures were registered at Hill City.

Hallie County Agent James Eakin noted that although few critical crops were yet up in that area, those that were, were set back. Temperatures of 22 degrees were recorded in Hallie.

Shoshone saw temperatures around 25, which froze gardens and damaged grain and alfalfa in the area.

Milder temperatures in Gooding reached only about 30 degrees, with little damage expected, as dry weather has delayed planting so that most critical crops are not up.

Duhua area farmers saw temperatures slightly below freezing, with some damage apparent to corn, sugar beets and potatoes that were up. Castleford reported temperatures at 24, with extensive alfalfa and wheat damage. An area farmer reported his potatoe frozen to the ground.

In Twin Falls temperatures slightly below freezing reported damage to corn, sugar beets and potatoes that were up. The damage increased near Kimberly where temperatures were lower at 28 degrees, which resulted in damage also to bean crops.

Rusk Briefs Leaders on War Position

WASHINGTON (AP)—Secretary of State Dean Rusk briefed House leaders today on the situation in Viet Nam, and then told newsmen "our hope is this matter will be resolved before we go to the floor."

The briefing was arranged Sunday and Rusk said "an special emergency" was involved.

Meanwhile, in the Senate, Sen. Stuart Symington, D-Mo., said he had "on good authority" that Communist troops are massing in Cambodia for major attack on South Viet Nam.

Symington, a member of the seven-member subcommittee which reviews Central Intelligence Agency operations, said that Cambodia is being used as sanctuary by the Communists.

"Now that the monsoons are returning to South Viet Nam, a major attack may come soon, perhaps from North Viet Nam and Viet Cong troops which I have in good authority are now assembling in Cambodia, across from the South Vietnamese II Corps zone," he said.

Rusk said he suggested the meeting with house leaders, and another scheduled with senate leaders later today, because he thought it "might be useful" to bring them up to date on details.

"All of this will take money, and it is time the Democratic candidates quit hiding from the tax they try to hide from," he said.

"How do they propose to pay the bill? What would they do to replace the needed revenue if the tax they try to hide from is defeated?"

"This attempt to duck the issue, and it is the simple most important issue of this campaign, is an abdication of leadership that is unparalleled in the history of Idaho."

"We need further expansion of our public school expenditures; we need state supported kindergartens; we need increased financial support by the state for our system of junior colleges; we need better libraries and we need the pursuit of academic excellence at our universities and colleges."

"All of this will take money, and it is time the Democratic candidates quit hiding from the tax they try to hide from like men."

"It is time to join a crusade. You must want to join a crusade if you want to save our schools."

Indira Gandhi Denies Influence

BOMBAY, India (AP) — Prime Minister Indira Gandhi angrily denied suggestions Sunday that her government will allow the proposed \$300-million Indian-U.S. educational foundation to be a vehicle for American influence on Indian thinking.

"What is this talk about outsiders influencing our policies?" she asked critics at a national convention of the ruling Congress party.

The program was created at the request of South Vietnamese officials, because the vast majority of the nation's doctors were assigned to care for military casualties.

The program is financed by the Agency for International Development.

Nurses Cripple N.Y. Service

NEW YORK (AP) — Public health nurses crippled services at the city's health clinics and clinics today with large numbers of them staying away from work, making good a resignation threat prompted by a pay dispute.

The Department of Health reported that only a few nurses had reported for work at the city's 28 health centers. School health services were shut down as well as service at 66 child health stations.

MAGIC VALLEY — Frost again tonight. High 68 to 76, low in low 50s, except Camas Prairie high 64 to 84; low 27 to 35. Outlook for Wednesday is fair and warmer. Temperatures at 8 a.m.: 37 at Jerome, 45 at T. F. weather bureau with 44 per cent humidity; 40 at Rupert, 27 at Fairfield, 35 at Hailey, 35 at Buhl, 34 at Castelford, 41 at Wendell; at noon, 34 at T. F. weather bureau with 35 per cent humidity. Barometers: 30.03. Soil temperatures at Twin Falls, four-inch 52, eight-inch 52, 20-inches 54, 36-inches 55; three-inch levels: 52 at Buhl, 52 at Castelford, 58 at Wendell, 54 at King Hill.

SYNOPSIS AND AGRICULTURAL SUMMARY

Higher pressure has moved in rapidly after the colder air of Sunday. Skies were mostly clear in our valleys this forenoon with winds light and warming in good progress.

The clear skies and light winds during the night have been an aid in bringing some of the coldest nighttime readings of the month to these agricultural valleys. Bonnes and pointees that have emerged will probably have suffered some damage and in colder areas even some damage to boats may have occurred.

Coldst of all was the 16-degree reading at Fairfield. In the irrigated valleys, Aberdeen recorded 20 degrees, Wendell 21 and Rexburg and Castleford 24 degrees. The highest nighttime reading of 32 degrees was recorded at Boise followed by 31 degrees at Buhl.

High-pressure-at-the-surface-and-above-will-become-stronger over the Western States during the next day or two. This will force storms from the Pacific to move to the north through Canada. Fair weather and rising temperatures are forecast Tuesday and will probably continue through Wednesday as well.

Temperatures today will warm into the mid 50s and 70s on Tuesday. Minimum temperatures will benefit some from the daytime warming, but a clear calm night will produce some scattered areas of frost again tonight. Temperatures will range from the upper 20s into the 30s with less chance for general damage to tender crops. Protection will be needed however in colder pockets or low spots tonight.

Daytime temperatures were from 18 to 26, as much as 35 degrees cooler yesterday than the previous day. Temperatures ranged from 59 at Caldwell to 45 degrees at Rexburg and 47 degrees at Fairfield.

FIVE-DAY FORECAST

Temperatures averaging below normal with near-normal amounts of precipitation after midweek are forecast for the next five days in the valleys of Southern Idaho.

Temperatures will average from 2 to 3 degrees below normal during this week. A warming trend is indicated through mid-week with some cooling again the latter part of the week.

Scattered frost is forecast tonight but the warming trend should bring nighttime temperatures up above freezing after tonight.

Some normal maximum and minimum temperatures for this period are Gooding, 72 to 43, Twin Falls, 73 to 44, and Burley, 71 to 41.

No precipitation is indicated until the latter part of the week. Storm systems will begin to move farther south around Thursday or Friday. Precipitation amounts through Saturday will range from .05 to .20 of an inch.

Sunshine will average around 65 to 75 per cent of possible. Light winds are indicated through midweek with stronger and gusty winds the latter part of the week. Soil temperatures at the three to four-inch depth will show some warming through mid week but will cool again towards the end of this week.

Spraying operations will have favorable weather to make good progress through Wednesday but will run into delays due to strong winds the latter part of the week. Crop growth and development will increase with the warming trend through midweek, but will be slowed again with some cooling in the latter part of the week. Frost protection will be needed in scattered colder pockets and lower spots yet tonight.

NEW YORK (AP)—The cost of living is out of step with other economic signposts. Just when everyone is being assured that most indicators point to a slowing down of the economy, the consumer price index takes off on its own. And the direction is upward at a pace unequalled in 15 years.

Such things as new orders for manufacturers of durable goods may be down from earlier in the year—the cost of living isn't. The index of industrial production may be advancing at a less hectic pace than it "coupled" months back. What matters to most families is that their dollars don't buy as much.

Economists are quick to point out that the course of the economy, not measured in industrial statistics, changes well before prices of consumer goods and services are, likely to. But many nonstatisticians will be wondering if that's any assurance that the cost of living is going to turn down if you just give it time.

And the midlanders—and the economists aren't too sure that it is.

They also aren't too sure that the business boom is really turning down now. Instead of just having a passing spell of spring fever. Or the economy might, for all they know, be having another of its rolling recessions. That is, auto sales may be off from their peak right now, but the sales of other consumer industries may keep rolling along at high speed.

They probably will as long as the public goes on buying in quantity. And despite some fluctuations in retail sales which could be temporary and seasonal, the public still seems to be spending freely, if switching from some products to others.

Free-spending consumers, high employment, rising production costs, and the increasing demand of defense and civilian industries for materials and goods and services—all contribute to the trend toward higher living costs.

The cold statistics from the Bureau of Labor Statistics show that the consumer price index in April rose to a record 112.5 per cent of the 1957-59 average. The jump over the March figure was four-tenths of one per cent. But the eye opener was that the three-months advance was 1.4 per cent, the highest for any January to April period since 1951, when the Korean War was in full swing.

In April food didn't get the blame for a change. The price of food was officially described as leveling off. The big jump was in services. Housing, transportation, clothing and medical costs made the biggest advance.

And the increased cost of these items seems, at first glance, to bear little relation to the statistic reports that show housing starts to be in the doldrums, auto sales to be less exuberant than in March, and the orders for new durable goods—consumer or industrial—to be lower in volume.

One month doesn't make a trend—whether it be in the cost of living or the statistical course of the economy. And right now this is especially true because so much of the current picture could be changed.

Your Spine and Your Health
By Dr. Ludwig C. Landwehr
DISC INJURIES: Statistics show that most cases of so-called "herniated," "ruptured," or "slipped" discs respond favorably and reasonably soon under competitive corrective care.

Each spinal disc consists of an outer envelope or capsule of gristle-like cartilage, adapted to conform to the irregular surfaces of the vertebrae it separates, and an inner core of soft, semifluid pulpy fiber.

When the disc is expanded, the opaque portion is subject to simultaneous pressure from above, below and sideways. The disc is thus weakened and vulnerable to injury. Such injury may arise from a blow, fall, or even a too sudden, voluntary movement. The result can be a rupture of the capsule and/or protrusion of its pulpy content. This is the condition known as the "herniated disc," which is not able anymore to perform its function as a cushion of shock absorber. At a time there is nerve irritation with ensuing pain upon the slightest movement and a greater rigidity of the spine.

There are only two possible corrective surgery or chiropractic.

The natural tendency of the protruding portion is to recede with time and, in most cases, a doctor of chiropractic is skilled in helping to bring about these favorable conditions by pressure, traction, gentle manipulation and other distinctive procedures. (One of a series of articles published in the public interest to explain and illustrate the mechanics of spinal disc operations, written by Dr. Ludwig C. Landwehr, whose office is located at 717 Main Ave. W., Twin Falls, Tel. 333-8322)

of bucks at a soft drink stand here the other day and they're exceedingly happy about it.

They should be, too. The men probably saved their lives. They were on a search and clear mission at the time, part of a larger 25th Division operation. Their area-of-responsibility was a stretch of open field laid out on both sides of a yellow road.

It was hot as fever, of course. At shoulder level, the air was 100 degrees. And on the ground, inside leather combat boots, it more approached the tempera-

Heat Wave

NEW DELHI, India, (AP)—A killer heat wave scared north India today.

Temperatures as high as 115 degrees Fahrenheit have killed at least 15 persons.

Capt. Bill Gavan rubbed his chin. He looked at the bottles and then at his men. Tough to

ture of a sun spot.

The men had been walking much of the morning and each other warm or gone. Tongues worked around in mouths full of dust and thick saliva.

Then they saw the soft drink stand.

"You buy?" the owner asked with a grin.

Every soldier swallowed his spit.

"You buy? You buy?"

"It was 'lucky,' of course. A palm hutch stuck out in the middle of nothing with a giddy woman rolling water water. Why?

Other guys on other roads had paid more than money for just such a moment's pleasure. Offtimes the oasis stalls were empty-fronted and shabby. Yankee bought their drinks with their U.S.A.

Capt. Bill Gavan rubbed his chin. He looked at the bottles and then at his men. Tough to

walk away. He decided to take her fingers up to hide her toothy mouth.

"You drink first," he told the hut owner.

She did. Half a bottle. She smiled. No acid in the mixture, apparently. No crushed glass, no urine, no poison, no drug... nothing, but cold, sweet water.

"O.K." Gavan said to the men.

"Let's go," the captain said.

The woman, not smiling now,

watched him cross his arms. She frowned. Then, suddenly, she ran up to one of the GIs and, crackling crazily, grabbed onto a hand grenade.

"What the . . . ?"

"No go, no go," she shouted. She pointed franticly at the grenade and then off into the field. She repeated this several times. At first nobody laughed. Then there was confusion. Then, at last, they understood.

Gavan ordered one man off the road. He searched the grass, strand by strand before spotting

a wire . . . and, saw-tooth shrapnel. Man killers every one.

Then, the way cleared, the patrol hunkered up again and began to shuffle down the road.

The entire field was body trapped.

Committees Are Appointed by Jay-C-Ettes

BUIHL — Various committee chairmen were appointed by the Buhl Jay-C-Ettes to assist the Jaycees with the Sagebrush Days Fourth of July celebration slated for July 1 through 4, during the organization's monthly May meeting.

Chairmen include Mrs. Jack Fields, Keep-Idaho Green float; dance decorations and concession stand for dances and in the park; Mrs. N. R. Mason, horse races; Mrs. Richard Boncken, barbecue; Mrs. Darrel McRoberts and Mrs. John Lanni, western show; Mrs. Terry Lechner, board judging, and Mrs. Gary Meyer, young games.

Mrs. Lanni was named chairman for the cooked food sale set for May 28. It was voted to adopt a new Key Woman award to be given at the end of the year, patterned after the Jaycee spark plug award. It was decided to assist Jaycees with the Keep-Idaho-Green program with Mrs. Fields and Mrs. Kenneth Rosecrans to head the project.

Mrs. James Stewart announced the organization's public auction originally scheduled for May 27 has been canceled and will be held June 17. Proceeds from the event will go toward the Jay-C-Ettes' community charity projects.

Mrs. Lanni was named chairman for the travel trophy party to be hosted by the Buhl Jaycees and Jay-C-Ettes for district nine organizations.

Reports were submitted by Mrs. Robert Day, the senior citizenship banquet which the club helped serve; Mrs. Bencken, on the Little Miss Evergreen pageant, and Mrs. Lanni, state convention held in Idaho Falls.

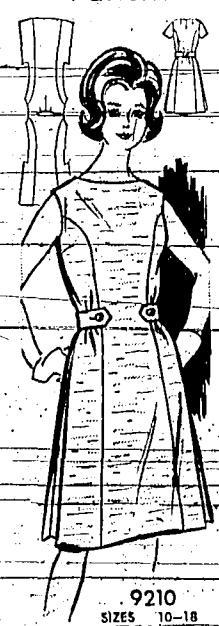

Mrs. Fields reported on her recent visit to the Filet Jay-C-Ettes during which time she presented the club the awards they received at state convention. It was noted the Filet group received first place for their Christmas welfare projects and a third place award for ice activities.

Lanni and McRoberts, Jaycee co-chairmen for the Sagebrush Days events, outlined various activities to be conducted during the four day observance.

Mrs. James Lowder, president, thanked Mrs. Fields for the \$7.50 check she presented the club she won in the local best cook contest, and Mrs. Gary Meyer for the \$5 she got from her recipe in the Molly McRae's corner.

Mrs. Perry Hansen, Mrs. Bolton and Mrs. David Munroe were guests. The June 8 meeting is a dinner meeting.

2 Women Die In Idaho Road Mishaps

By The Associated Press
Two young women were killed in traffic accidents Sunday night, raising Idaho's total traffic toll to 73, seven less than by this date a year ago.

The Idaho State Police identified the victims as Elizabeth Nadine Hawes, 18, of Calgary, Canada, and Barbara A. Austin, 19, of (Route 2) New Plymouth. Miss Hawes was killed when she was struck by a car as she ran across U. S. Highway 10 about 12 miles west of Post Falls in North Idaho. The driver of the car was Joseph R. Tizzi of Tacoma, Wash. Police said Miss Hawes was dead on arrival at Courthouse General Hospital shortly after the accident occurred about 10:30 p.m.

Police said Miss Austin was killed in a one-car rollover on Interstate 80N near the Idaho-Oregon line. They said another girl involved in the accident, Diana J. Ragan, 18, of Susanville, Calif., was taken to an Ontario, Ore., hospital. The extent of her injuries was not immediately known.

Poole said the accident occurred about 11 p.m. when the driver, which has not been established yet, lost control of the car and it sidewiped a guard rail and slipped.

Newsman Is Killed in Viet Nam War

DA NANG, South Viet Nam (AP) — One newsman was killed covering the war against the Communists in Viet Nam during the weekend. Three others were wounded covering the political strife.

Sam Castan, an award-winning editor of Look magazine, was killed by mortar fire Saturday while covering the U.S. 1st Cavalry, Airmobile Division's Operation Crazy Horse in the central highlands near An Khe.

Castan, 30, of Brooklyn, N.Y., had covered Viet Nam off and on since 1963. Sigma Delta Chi, the professional journalistic fraternity, awarded him its medal for the best magazine reporting of 1964 for articles on Viet Nam.

Castan, who carried the title senior editor, also had covered fighting in Cyprus and the Dominican Republic. He lived in Hong Kong with his wife, Frances, and an infant daughter.

He was the seventh correspondent to be killed in the Viet Nam war.

Associated Press correspondent Bob Poole and two other newsmen were wounded Sunday in Da Nang by a grenade thrown by one of the Buddhist rebels opposing Premier Nguyen Cao Ky.

Rowing Pair Is Lost by Air Spotters

VIRGINIA BEACH, Va. (AP) — Somewhere in the Atlantic off Virginia, lost for a day to airborne spotters because of fog, two intrepid Britons rowed a tiny boat toward England from America today.

They're going to St. Ives and hope to be there in 50 days. If they make it, theirs would be the fastest trip of its kind. But not the first.

For 70 years ago, long before these marathon oar-pullers—David Johnsonson, 34, and John Hoare, 26, were born, two New Jersey clammers made the 3,000-mile journey in an 18-foot dory in 65 days.

"Crazy Vikings," people called George Herbo and friend Samuelson when, some 10 years ago, they left the seaway at the Battery in New York and sailed on an ebb tide, set the dory fox on a bobbing course for Eng-

land.

The Fox was three feet longer than the 13-foot Puffin, on which Johnstone and Hoare left Virginia Beach this weekend.

Fog and water for 50 days were stowed aboard the Fox and when Herbo and Samuelson pushed off, 2,000 people lined the shore. "Honor and lucrey" was what they sought, the New York Herald said at the time.

"It wasn't every day, even in New York, that one could see two fools throw their lives away," said another contemporary account.

After a month beyond Newfoundland's Grand Banks, a vicious storm blew up. The Fox was hit by a breaking wave and capsized. Somehow her crew righted her and climbed back in, but some equipment, including a stove, was lost.

The Norwegian lark Shetka took Herbo and Samuelson aboard July 16 for a hot meal. Then they renewed their rowing—by now sheer torture.

The long, long row ended July 31. Herbo and Samuelson came back by ship. For a while they were heroes.

But not for long. The strong-backed crew soon were forgotten. Of course, there was none. And back they went to claim their oar-sandy hook.

MAKES MACHINE
POCATELLO (AP) — Long enough, Idaho potato growers, apparently practical potato harvesting machine has been developed, and is in use by the T. S. Vandervord Potato Co., of Aberdeen.

After six years of tedious experimentation, Dan Vandervord, firm manager, has made a device which imprints "Idaho" on each No. 1 grade potato passing through the harvesting machine.

The method incorporates the use of 10 wheels. The potato is held in place momentarily by the slight pressure of intertubes on the wheels.

YOUR BIRTHDAY and HOROSCOPE

by STELLA

MONDAY, MAY 23—Born today, you have excellent judgment and the ability to make good use of that judgment, even at times which for others might be fraught with confusion and tension. Fair is all of your dealings with others; you would not know how to conduct business on a "me first" basis. You always try to see the other person's side of things, and, perhaps, even more important, you try to get that person to see his own side of the picture.

TUESDAY, MAY 24—Don't let anyone look at you, even if the incentives are overwhelming. General prospects are better than ever.

LIBRA (Sept. 24-Oct. 23)—

Quick and efficient action is called for just now—especially if you have plans that would take you away from business late in the day.

SCORPIO (Oct. 24-Nov. 23)—

Financial gain may not be all that you expect today, but you should be able to make up for it at a later date. Meanwhile, take heart.

SAGITTARIUS Nov. 23-Dec.

22—Recognizing a good opportunity may be even more important than the opportunity itself. Keep alert to good things arriving in small packages.

CAPRICORN (Dec. 23-Jan. 21)—Slow and steady wins the race for success today. Take time to relax now and then, and you'll find that benefits multiply.

AQUARIUS (Jan. 21-Feb. 18)—Go over present plans and seek loopholes. This is not the time for going along with the idea that "good enough" is really good enough!

PISCES (Feb. 19-March 21)—

You can be diplomatic and for this reason there are those who would swear that they never know how you stand on any issue. Those who know you well, however, know that your seemingly noncommittal attitude is really one of exceedingly careful reflection you don't want to tip your hand where it could be harmful to you or others to do so, nor do you want to hurt others unnecessarily by speaking out of turn.

To find what is in store for you tomorrow, select your birthdate and read the corresponding paragraph. Let your birthday star be your daily guide.

Gerald Ford Makes Attack On Democrats

POCATELLO (AP)

Home Minority Leader Gerald Ford, R-Mich., accused Democrats of renegeing on their 1964 campaign platform and attacked the Job Corps as "riddled with graft" in an address here over the weekend.

But a Democratic Rep. Morris Udall of Arizona, said only Democratic leadership has moved the country forward in the past 34 years—and any current mistakes are the price of doing something worthwhile.

The exchange highlighted a bipartisan rally here Saturday sponsored by the Pocatello Chamber of Commerce.

Ford said the Job Corps in one case spent \$30,000 each to train a group of girls. He said

Democrats "reneged" on a 1964

campaign promise to continue

school lunch programs and

maintain agricultural parity at

100 per cent.

Ford also said fighting men

are being sent into the war in Viet Nam "with one hand tied behind their backs."

Congressman Udall said only

vided the leadership to change

with a changing world.

Other officers are Mrs. Ken-

neth V. Shaw, Twin Falls, vice

president; Mrs. William Thiesen,

Falls, treasurer.

Clay Indicates He Wants Bout Within Two Months; Jones Likely Challenger

LONDON (AP) — Cassius Clay, without a sign of battle on his face, said Sunday he wanted to fight again within two months and named Doug Jones of New York as the next probable challenger for the heavyweight title. The champion from Louisville, Ky., made the nomination only a few hours after he had beaten Britain's Henry Cooper. Clay retained his crown Saturday night by stopping the Cockney veteran on a cut at 1 minute, 38 seconds of the sixth round in their scheduled 15-rounder at London's outdoor Arsenal Stadium.

Reference George Smith called a bull with blood spurting from Cooper's left eye. Cooper was sent to the hospital, where 12 stitches were needed to close the gash.

The 24-year-old Clay, now unbeaten in 24 fights as a pro, turned up in a West End hotel without a bruise or a cut.

"I think Jones could be the next one because of that controversial fight we had," Clay said. "Or, maybe, the European challenger, Karl Mildenberger of Germany."

"Anyway I want to fight again in two months."

Clay defeated Jones on points over 10 rounds in New York on March 13, 1963, a decision that many disagreed with.

Jones, however, has a June 28 date with Ernie Terrell, recognized as champion by the World Boxing Association, at Houston, Tex.

By that time Clay's appeal from being subject to call-up in the draft may be decided.

Clay described Saturday night's fight this way:

"I hit Cooper with a solid right. I don't think there was any chance of a butt."

"He ran right into it. If you see the film in slow, slow motion, I am sure it will show this."

The champion said he went to Cooper's dressing room after the fight and told him "how sorry I was to see it end the way it did."

Clay said Cooper told him "Don't feel bad; I was trying to do the same to you."

Cooper came out of the hospital and said:

"I thought the fight was going well until one of those unfortunate things happened — a clash of heads which cut the eye."

Cooper said that until the blood started pouring from his eye in the sixth round he was confident.

The American also stopped the Briton on cuts in 1963, before he won the heavyweight title.

Clay took the crown from Tony Liston on Feb. 25, 1964, and has defended it successfully four times against Liston, Floyd Patterson, George Chuvalo and Cooper.

Clay shrugged off any suggestions that there were demonstrations against him after the fight.

Promoter Harry Levine said the crowd of just over 40,000 paid about \$500,000.

Over all, it was estimated the bout's gross income would be \$1.12 million — from gate, home television, theater television and other sources. Clay's guarantee was \$280,000 and he probably will receive \$350,000. Cooper's share will be \$112,000.

Colavito smashed a tie-breaking single in the eighth inning, chasing home the winning run, and Whitfield's two-run double in the seventh inning of nightcap keyed a three-run rally that won it for John O'Donoghue, who checked the White Sox on three hits.

Until Whitfield's double, the Sox were hanging to a 1-0 lead they took with an unearned run in the fourth inning on a pair of walks and an error by Pedro Gonzalez.

Colavito also singled home a run in the first inning of the opener, but Chicago came right back-to-it-up when Tommie Agee singled with two outs and

came all the way home as the Indians tossed the ball around recklessly with first baseman Chico Salmon and left-fielder Chuck Hinton drawing throwing errors.

Cleveland went ahead again in the third on a double by Max Alvis and a single by Hinton, but Chicago tied it again in the bottom of the third.

Devlin Holds on To Win Colonial National by One

FORT WORTH, Tex. (AP) — Bruce Devlin, willing under heat-and-pressure, put two shots into creeks and just held off the closing bid of R. H. Sikes Sunday when he limped in with an 18 and won the \$10,000 Colonial National Golf Tournament when his \$23,000 first money, extended his streak to 26 tournaments of finishing in the money and made the lanky Australian the third foreigner to win the Colonial in the last four years.

Devlin started the day with

205 for 54 holes and a three-

stroke lead over Gene Little.

He increased his lead to four

strokes through the first nine

Sunday—although—three putting

one for a bogey. Then he took a

double bogey on 10 when he was

in a creek bed and bogeyed 15

when he again was in a creek.

He held—a one-stroke lead

through 16 when Sikes moved

into contention with birdies on

four of six holes. But Sikes

parred the last three holes and

finished with a par 70 for 281.

Devlin and Sikes, the former

Arkansas University golf star,

came into the final hole with

Devlin boasting a one-stroke

lead. Devlin was on only 18

feet away. Sikes was on only 18

feet away. Devlin rolled three feet

past—with the putt—and sank it

coming back. Sikes putt with

in a foot and half and took a

par.

Sikes picked up \$12,540 for his

second-place finish.

Al Golberger and Tony Lema

teo tied for third with 282 and won

\$6,765 apiece.

Wert Bats Tigers Over Orioles 3-2

BALTIMORE (AP) — Don Wert drove in two runs with a double squeeze bunt as Detroit edged Baltimore 3-2 Sunday.

The Tigers scored two runs in the third without a hit and added another run in the fifth. All three came across after Wert executed successful suicide squeeze plays.

After Ray Oyler walked leading off the third, Oyler-pitcher Frank Bertilia fielded Mickey Lolich's bunt and threw wildly on an attempted force. Oyler reached third.

Wert's bunt scored Oyler, and when Bertilia again made a wild throw, Lolich also scored.

Another walk to Oyler, Jake Wood's bloop single and Wert's squeeze bunt which went for a hit, scored another Detroit run in the fifth.

Lolich held the Orioles to one hit until the seventh when they scored two runs on Wendy Held's double.

Boston Erupts In Seventh to Trim A's 5-1

BOSTON (AP) — The surging Boston Red Sox, held to one hit by Ralph Terry for six innings, erupted for three runs with two out in the seventh and registered their fifth straight victory Sunday, defeating Kansas City 5-1.

Earl Wilson pitched a four-hitter for his fourth victory and drove in one of the seventh-inning runs with a single.

Terry handcuffed the Red Sox, except for Dalton Jones' homer in the fifth, until Jones was credited with a ground rule double with two out in the seventh, which runs with a single.

Joe Fey followed with a run-producing single, breaking a 1-1 tie. Fey then drove second, and after Bob Tillman was walked intentionally, Wilson lined a single to right. Fey scored on the hit and Tillman came all the way around as the ball eluded Larry Stahl for an error.

Weber to Double Stadium Seating*

OGDEN, Utah (AP) — Weber State College plans to almost double the seating capacity of its football stadium.

Dr. William P. Miller, Weber State president, announced the expansion Saturday following approval by the school's board of trustees.

He said the stadium will be expanded to seat 16,000 by the addition of 8,000 seats by the spring of 1967. The present capacity is 8,000.

Marichal Has Eighth Win For Giants

SAN FRANCISCO (AP) — Unbeaten Juan Marichal pitched a three-hitter for his eighth victory in San Francisco's 5-0 opening game victory over New York Sunday, but Jack Hamilton of the Mets turned the tables with a 2-2 sixth-inning victory over the Giants.

A crowd of 40,406 in Candlestick Park saw Marichal post his third shutout, and bring his lifetime record against the Mets to 15-15.

Jim Hart provided the Giants' power in both games while slumping Willie Mays was given a rest.

Hart drove in three runs in the first game, two with his 10th home—a 175-foot drive in the third inning off starter and loser Larry BernARTH.

He hit No. 11 off Hamilton in the seventh inning of the finale. Hamilton held command in the second game. After Tito Fuentes doubled to lead off the first inning, the big right-hander put down the next 10 men to face him. Pinch hitter Don Mason bent over an infield hit in the sixth, but the Giants didn't score until Hart led off their seventh with his home run.

Bunning-Pegs Phillies Past Houston 6-1

HOUSTON (AP) — Jim Bunning scattered eight hits and Clay Dalrymple drove in two runs, leading the Philadelphia Phillies to a 6-1 victory over Houston Sunday.

The Phillies capitalized on

eight walks issued by Barry Latman, Aurelio Montengual and Gary Kroll, a hit-batter, a balk and an error.

Singles by Bill White, Johnny Callison and Doug Clevenger accounted for Philadelphia's first run in the first inning. Callison scored an unearned run in the fourth after reaching first on an error and advancing on two walks and Clay Dalrymple's single.

Philadelphia scored two more runs in the fifth and knocked Barry Latman from the box.

Ralston Takes
Singles Title

STOCKHOLM (AP) — Dennis Ralston, the United States' No. 1 tennis player, won the men's singles title in the Stockholm tournament Sunday with a 6-7, 9-6 victory over Australia's John Newcombe.

It was the second straight Scandinavian championship for the Bakerfield, Calif., star, who won at Helsinki last week, also against Newcombe.

Today's Market and Financial Report

RESULTS With WANT ADS!

Stocks

NEW YORK (AP) — The stock market continued a sharp recovery early this afternoon in fairly active trading.

Key stocks advanced from fractions to 1 to 3 points while multi-point gains were run up by some of the volatile glamour stocks.

Brokers saw it as a continuation of the rally of late Friday which rescued the list from decline. The continued rise was a resumption of a technical rally from the oversold condition analysts said.

At the same time, there was some encouragement linked to President Johnson's prediction of a smaller budget deficit. This was viewed as lessening the possibility of a tax increase, fear of which has been a major factor in the big stock market decline this Spring.

Prices advanced on a broad front. Some profit taking trimmed gains as the session wore on.

The Associated Press average of 60 stocks at noon was up 3.0 to 322.0 with industrials up 4.7, railroads up 2.0 and utilities up .6.

The Dow Jones industrial average at noon was up 0.18 at 883.07 — somewhat below its gain of 8.13 at the end of the first hour.

More institutional buying was reflected by purchases of big blocks of stock at higher prices. Many opening blocks were delayed. Among them was an 11,000-share block of IBM which rose 11/2 points, then pared a couple of points from the rise.

Xerox rose 5, Zenith 4, Eastman Kodak 3, Kenmore 3, Douglas Aircraft, Schering, U.S. Smelting, Merck and Pan American World Airways about 2 each.

New York Central started 3 points as rails continued strong rebound. Pennsylvania Railroad gained well over a point.

Gains of a point or so were rolled up by a wide variety of issues, including du Pont, Union Carbide, Eastern Air Lines, United Air Lines, Metro-Goldwyn-Mayer, Anaconda, Public Service Electric and Gas, General Motors, Goodrich, Raytheon and International Harvester.

Prices advanced in active trading on the American Stock Exchange. Soliton Devices and Conduction gained 3. Up about 2 were Aetna, Mississ., National Video, Western Equities, Simmonds Precision and O'Kiep Copper. Gains of a point or better were made by Allegheny Airlines, Computer Sciences, Donnishaw, Edco Corp., Northeast Airlines, Rogers Corp., Pacific Northwest Airlines and Syntex.

Corporate bonds were higher. U.S. Treasury bonds were unchanged to slightly lower.

A black and white photograph of a large outdoor sign. The top section reads "CLOSEOUT - ENTIRE STOCK". Below it is a large bold "LAWN FURNITURE" heading. Underneath that, in a smaller font, are the words "Lounges — Chairs — Armchairs". The bottom half of the sign features a massive "25% OFF" in large, bold, sans-serif letters, with "WILSON-BATES" written below it in a slightly smaller bold font.
